

AARhuset is a great place to live

Rubbish: Everything that is put in the rubbish chute must be in rubbish bags. The bags are free of charge and are delivered directly to your mailbox. Shoe boxes, pizza trays and other types of cardboard must be placed in the small rubbish room which is situated in the parking basement under the theatre. Newspapers and advertisements must be placed in the newspaper bin. Plastic, glass and metal must be left in the containers at the "Ølinjen"

Tip: Soak pizza trays in water, when wet, they are easier to fold and place in the rubbish bags

Beboerhuset (The residence hall): Is an extended living room in which you can buy a share. There is communal dining, a knitting club, morning bathing, a Friday bar, outdoor training, lectures, art and much more - see the website for more

Note: Beboerhuset is not a party room
